\*Please note in the years that a PPS team or sport is not available on the above spreadsheet, as parents you are of course welcome for your child to join a local club. Or if you as a parent would like to create a team this is fine also, however this must be done completely outside of the school. For example no PPS uniforms are to be used, nor the school name, and no training on school grounds from 8am - 4pm please. This is to ensure we are as inclusive as possible for all sports available to our children at PPS as the wellbeing of our children in all areas is our highest priority and that includes sport.
