CURRENT PONSONBY

EVENTS

BY NEVE

So, what's happening with sports? We have netball, flippa ball, basketball and swimming sports.

Swimming sports- swimming sports are coming up and lots of people are excited. The Year Fours had their event at Pt Erin last Thursday. Then on Friday, the Year Ones were at 9:00am, the Year Twos were at 10:00am and the Year Threes at 11:45am. These took place on the Friday the 25th of March.

The Year 5 and 6 one is on the 1st of April, so good luck to all of them!

Flippa ball- Mr Conner has put 2 teams together, the Ponsonby Dolphins and the Ponsonby Seals. A few weeks ago it was the dolphins 🐬 vs the seals 🦏 the seals won 🏆 but stayed humble. Good work, seals 🐬

Basketball- with basketball not much is happening. Players have been put into teams and have played a couple of games. Everyone has been given their basketball singlets and teams have started the season.

Netball- all the teams are out and some teams are hard at work training. We look forward to seeing everyone out getting fit and learning new skills for the beginning of the season next term.

Movies Reviews by Ali, Keshav and Tupu

Spider-man no way home

Age:rating 13+

Description:With Spider-Man's identity now revealed, our friendly neighbourhood web-slinger is unmasked and no longer able to separate his normal life as Peter Parker from the high stakes of being a superhero. When Peter asks for help from Doctor Strange, the stakes become even more dangerous, forcing him to discover what it truly means to be Spider-Man.

The Batman

Age rating:13+

Description:After training with his mentor, Batman begins his fight to free crime-ridden Gotham City from corruption. When his parents are killed, billionaire playboy Bruce Wayne relocates to Asia, where he is mentored by Henri Ducard and Ra's Al Ghul in how to fight evil.

Peoples thoughts of these movies

What did you think about the new Spiderman movie?

Miles:It was pretty good, but I didn't like the ending

Tupu: it was good but the ending was really sad and I like how the Spidermans meet each other.

Keshav: I really liked the movie, especially the end. It made Spiderman better because he was unknown, since the whole world knew he was Peter Parker.

Was The Batman good? If it was, what was your favourite part about it?

Miles: I enjoyed the movie, the Riddler was my favourite character. My favourite part was The Riddler getting caught.

Keshav: I loved the Riddlers design, the movie overall is amazing. My favourite part was The Riddlers livestream.

Tupu: I didn't really like it, but I do recommend it to people who like action movies.

Recipe of the week

By Flynn Ramsay

Ingredients

- 1 box chocolate cake mix
- 1 c. buttermilk
- 1/2 c. oil
- 3 eggs
- 24 white cupcake liners
- 2 packages large candy eyeballs
- 1 package miniature Chips Ahoy Cookies

Marshmallow Buttercream Frosting

- 1 c. butter softened but not to room temperature
- 1 1/2 c. powdered sugar
- 1 7oz jar marshmallow fluff
- 1/4-1/2 tsp. almond extract
- blue food colouring

Instructions

1. Preheat oven to 350° F. Place cupcake liners into muffin cups.
2. Place cake mix in the bowl of an electric stand mixer. Add buttermilk, oil, and eggs. Mix to combine well.
3. Fill cupcake liners 2/3 full and bake for 15-17 minutes. Remove from oven and set cupcakes on cooling rack to cool.
4. Prepare the frosting by placing the butter in a medium/large bowl. Beat the butter with a mixer until nice and fluffy. Add food colouring.
5. Add the powdered sugar about a 1/2 c. at a time till well combined with the butter. Then add the almond extract and marshmallow fluff.
6. Place the frosting in a 16oz frosting bag fixed with a star tip. Pipe frosting evenly over cupcakes in a swirl motion and top with two candy eyeballs. Then press a cookie into the front of the frosting.

Teacher news update

Mr Bergen in Room 5

1. WHAT SUBJECT DO YOU LIKE TO TEACH THE MOST?

I enjoy teaching all subjects, but especially love teaching reading and writing. I am an avid reader, and hope to be able to share my passion for books and writing with my students.

2. WHY DID YOU START TEACHING?

I started teaching because I love the opportunity it gives me to share my knowledge with students, and seeing students learn new things is awesome.

Also, there's no such thing as a boring day when you're a teacher!

3. HAVE YOU EVER HAD A PET, IF SO WHAT ARE THEY?

Yes, I have had a lot of pets. At the moment, I have a dog called Paddington and a cat called Marmalade. They are amazing animals but get up to a lot of mischief together. Marmalade is usually at the center of all the trouble. I've had a few other pet cats, but have never had another dog.

4. WHAT ARE SOME SCHOOLS YOU WORKED AT BEFORE PONSONBY?

I taught a bit overseas in Colombia in South America. Ponsonby Primary is the first school that I've taught at in Auckland!

5. WHICH DO YOU PREFER, DOGS OR CATS?

This is such a tough question! I'm not sure, I like them equally! On the days when my cat Marmalade wakes me up at the crack of dawn by jumping on the piano keys, I'd say dogs are my favourite. On the days when my dog doesn't stop barking, I'd say cats are my favourite!

6. WHAT DID YOU WANT TO BE WHEN YOU WERE TEN?

When I was ten, I wanted to be a professional football player. I still haven't given up hope! Fingers crossed that Manchester United contacts me soon.

IF YOU HAD TO HAVE ONE OTHER JOB, WHAT WOULD IT BE?

If I had to choose one other job, I would choose to be a professional footballer! Otherwise, a job involving sports, which allows me to get outside a lot.

Ms Bebich

1. WHY DID YOU RETURN?

Mrs Robins asked me if I wanted to come to Ponsonby to teach 2 days a week after she heard I had come back to New Zealand, I said yes because I wanted to come back here to see how much the kids have grown up.

2. WHAT DID YOU DO WHEN YOU WERE GONE?

I moved to America with my family and stayed at home to look after my little girl Scottie, and I later had a baby boy called Monty.

3. DID YOU TEACH AT OTHER SCHOOLS WHEN YOU WENT AWAY?

No, I did not teach at other schools, instead I stayed home with my kids.

4. if YOU COULD CHOOSE A CLASS TO BE IN, WHAT CLASS WOULD IT BE?

I would teach in any class but I would much prefer it to have air conditioning.

5. DO YOU LIKE TEACHING YEAR 6?

Yes it is new to me and I enjoy the challenge of understanding new challenges and working with Ms Moll because she has lots of knowledge of Year 6 and I love learning from her.

By Neve and Evie

Sports

1. How many medals did we win at the Winter 2022 Paralympics?

We won 4 medals - 1 gold, 1 silver and 2 bronze.

2. How many teams are in the ANZ netball premierships?

There are 10 teams playing in the ANZ premierships.

3. Where is the FIFA world cup 2022 going to be held (soccer)?

It will be held in Qatar.

4. How many wins has NZ had in the ICC women's cricket world cup?

NZ has had 2 wins so far along with 2 defeats.

5. How many medals did NZ win in the winter olympics?

We won 3 medals - 2 gold and 1 silver!

Animals:

1. How long can a snail sleep for?

Three years!

2. Are elephants the only animal that can't jump?

Yes they are !

3. True or false bats always turn right when leaving a cave?

False they turn LEFT!

4. Are koala bears marsupials?

no koalas are marsupials!

5. Chocolate is good for dogs? True or False?

False chocolate is very bad for dogs!

Food

1. This is a Traditional Maori food and you can find it in coastal rivers, streams, lakes, wetlands and tiny creeks. What is it?
Whitebait.
2. This is a healthy pancake from Ukraine, it is made out of a vegetable. What is it?
Potato pancakes.
3. You don't see this Halloween candy often in New Zealand but it is Traditional in other places. What is it?
Candy corn
4. True or false Apple pie is common in America?
True
5. What is a Japanese favourite dessert?
Mochi

Countries

1. What country got invaded by Russia?
Ukraine
2. What country is the most populated?
China
3. True or false, 30% of the country is a national reserve.
True
4. How much of the world is covered in water
71%
5. How many lakes are there in Aotearoa/New Zealand
775

Minecraft news

(Unofficial)

Hello Minecraft fans and welcome to Minecraft News, we deliver the latest trends, Minecraft YouTube, upcoming updates, Minecraft myths, bugs and glitches, build ideas, Minecraft facts, and news from the community.

First of all a topic that we have not covered yet YouTube, I'm planning to Focus more on another topic today so I'm only going to do a list of recommended things to watch on YouTube, (I will add a warning for anything that's inappropriate or scary)

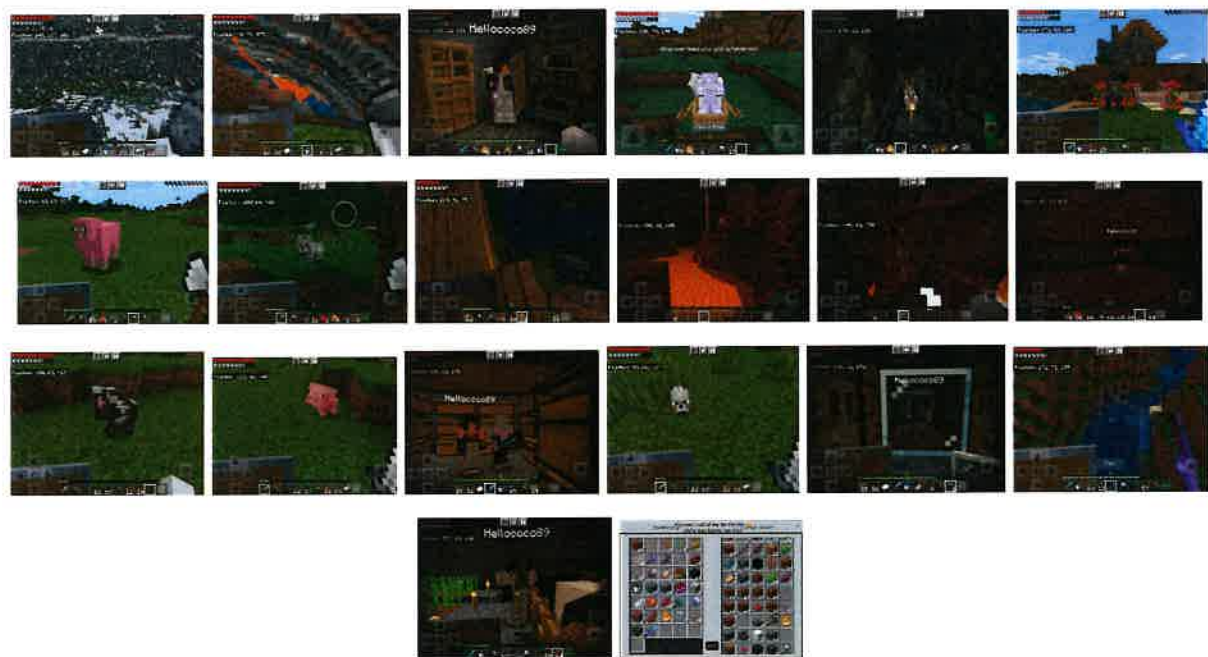

- The dream SMP, warning contain swear words and more adult like topics
- Ranboo,
- Tommyinnit, warning lots of swear words
- LdShadowLady,
- Mumbo jumbo,

Now I've already told you a bit about Herobrine stay here if you want to learn more about his history, first of all we are gonna look at how many started, who's origin put a post it was originally made as a joke people planes traffic been experiencing the same things that the post had described, now to the first sighting of Herobrine which was back in one of the earliest Versions, a player was filming in their single player world when a player like figure can be seen in the corner of their screen, there are many more sightings but I'm not going to bore you with them all, the whole Herobrine thing was starting to die down now thought and it didn't get more popular again until a popular YouTuber was filming in Minecraft going about their day when they entered there house and right there when they opened the door Herobrine was there and then Herobrine got popular again, but now most Minecraft experts agree that the player had just used a texture pack to change a painting to look like Herobrine and then faked their reaction, But anyway this is getting too long for this issue but I think that herobrine will be a popular topic here on Minecraft news.

Did you know that the carpet duplication glitch doesn't work on the latest version of bedrock (1.18) and that if you get a shulker box with nothing below it and there's a ceiling above it with

just enough room for a player to stand on the shulker box if you open it you can phase through the floor into any room under ground and that in an April fools snapshot there were obsidian boats!

If you are bored of your usual Minecraft survival world, why not put all your stuff in a chest then run away from your base and start all over again?! Not only is this a fun challenge but if you do this a couple of times in different biomes or places you will eventually have loads of different cool bases and items. I can also say from experience that this is really fun! Have a look.

The Magic Boots

Once, in a clearing, surrounded by luscious vegetation, on a carpet of crisp, pink, autumn leaves, there stood an old pair of brown, dusty, well worn boots. As the dew dripped from the new saplings, and dawn light shone through the canopy onto the leaves, making a dotted blanket, the boots lay motionless. In the center of the clearing stood a bent, ancient oak tree with mysterious pink leaves. Its great branches were snaking through the canopy like pythons. Nothing moved in the vegetation around the clearing, it was as still as a silent whisper. There was nothing around except...

100 Word Challenge

Shack's records

In his 18-year career, Shaquille O'Neal has put up plenty of big numbers. He has scored 28,255 points, grabbed 12,921 rebounds, won 4 N.B.A. championships and made 5,862 free throws!

Michael Jordan records

He has a career win-loss regular season record of 706-366 (. 659 winning percentage) and was 639-291 (.687 winning percentage) with the Chicago Bulls. He won six NBA championships (1991, 1992, 1993, 1996, 1997 and 1998) with the Chicago Bulls.

Lebron's records

Lebron James has got the record for the most assists, he's got 10,007. That's a lot of shots. And he has also won 4 NBA championships and 4 MVPs.

Cats

by Alysia Siatras, Hunter and Phoenix Bryant-Linn and Charlotte Erson

When you try to discipline your cat

Cats can jump 5 times their height

Cats are supposed to have 18 toes (five toes on each front paw; four toes on nearsighted, but their peripheral vision and night vision are much better than that of each back paw).

While us humans have 206 bones, cats on average have 244.

Cats are believed to be the only mammals who don't taste sweetness.

Adult cats have 30 teeth, while kittens have 26.

Cats can jump up to six times their length.

A house cat is genetically 95.6% tiger.

Cats can run around 48 kph (30 mph), but only over short distances.

GOSSIP

The weekly gossip. Last week's gossip was about the school ghost and this week is about the jets. About a fortnight ago there were jets flying around you could see them from the top court. Some of the kids thought that Russia was attacking. But I thought it was just jets from the air force base and I was right. That's all for now, bye .

By Charlie Hanna

GOSSIP

This is the weekly gossip. Last week's gossip was about the jets and this weeks is about daylight savings. When people got to school they were talking about how early they woke up. I mean, hello you put your clocks forward an hour. It doesn't make sense I'm so tired I can't do any more gossip right now goodbye.

By Charlie and Keshav and Tupu

Pets

You love your pet right? Well today I'm going to interview some of the amazing students that have adorable pets. Like dogs, cats and maybe even parrots! You name it!

We only get the cutest pets, which is every pet. So sit back, relax and enjoy the adorable pets!

First up we have Penny's puppy:

This is Sandy, Penny's adorable loving puppy, she turned 6 months old and loves chewing toys! Penny and her are BFFs and like going to the beach together and playing. When Penny goes out with her friends or to school Sandy is sad, but they're still the best of friends! Sandy loves to play cricket and chew on the ball, Penny says Sandy's really good at cricket!

Second up we have Ali's dog Simba:

This is Simba, Ali's dog. She loves to chew toys and destroy the garden and barks way too much! She likes playing with the football and of course chewing it! She also had 8 children with her and got sent away and one sadly died but she kept 2 of them. She likes to eat vegetarian dog food!

3rd up we have one of Keshav's dogs (he has 4!!):

This is one of Keshav's dogs, Jimmy, he is very old but this was an old photo. He likes to eat bread, he is always happy although he is locked up in a cage all day. He doesn't like chickens and stays away from them. Jimmy fights with the other dog, Julie, all the time. Keshav loves Julie. Julie's pups died except 2 of them just like Simba.

Lastly is my cat Flash:

This is Flash. She loves to bring leaves inside and meow (a lot) . She was born in 2015 and has a sister named Monty. She rolls on my bed and desk all the time and knocks over things! Last year she knocked over a vase and bugs came out. She belongs to my step sister but she never comes, so I call Flash my rightful cat! She weighs so much and is hard to carry but still herself Flash!

By: Holly

Covid-19 Update

Covid, the thing everyone's talking about, but how did it originate? It turns out scientists around the world are investigating this very question. There are lots of guesses but only one is right. Rumours are that someone ate a bat. Although it is not yet known exactly where the outbreak first started, many early cases were in Wuhan, China - a city with a population of more than 11 million. The Covid pandemic, also known as the coronavirus pandemic, is an ongoing global pandemic. It has turned the world upside down. Everything has been impacted. How we live and interact with each other, how we work and communicate, how we move around and travel. Every aspect of our lives has been affected.

How does covid spread?

Covid-19 does not transmit through water while swimming. However, the virus spreads between people when someone has close contact with an infected person. It spreads by germs in the air which hold it and if you breathe them in you have covid.

How covid has affected places

It has turned the world upside down. Everything has been impacted. How we live and interact with each other, how we work and communicate, how we move around and travel. Every aspect of our lives has been affected.

How you can stop the spread of covid

- Stay home if you're sick and get a test
- Get vaccinated as soon as you can
- Wear a face covering
- Regularly wash and dry your hands
- Cough or sneeze into a disposable tissue or into your elbow
- Clean frequently touched surfaces
- If you have a reusable mask reuse it
- Don't share food
- Use QR code scanners

Covid types

Omicron is the most contagious variant we have come across yet, so high-quality, well-fitting masks are more important than ever. This is true for everyone, and even more so for anyone who is unvaccinated.

The Delta variant is the dominant variant of Covid-19 worldwide. It is highly transmissible and causes more severe disease than previous variants. It has also caused the most deaths and people in hospitals. The Delta variant, which originated in India, began spreading rapidly and making news around the middle of June 2021.

The original strain is not spoken about right now.

Total deaths world wide:

6.05 million deaths.

By Daniel and Xavier

What's going on in Year 6

By Lexie, Penny, and Olivia

Blue= George

Pink= Poppy

What have you been learning?

We are doing writing on Pobble. I love doing it and I want to do more of it

I have been learning algorithms in maths

Have you been enjoying year 6?

Yes, I do!

Yes, I have! I love being a leader in the school

Anything you are looking forward to?

I'm looking forward to swimming sports.

The school camps and inner-city sport

Are you happy with your class this year?

Yes absolutely

Yes absolutely

How are your leadership roles going?

It is really fun because of all the things that house captains do

Good because no one is bossy

Crazy Mask Day 2022

Thursday 7th April

It's here, the *event* you have all been waiting for, **CRAZY MASK DAY!**

The health and wellbeing group has decided that we need to jazz up our face coverings by decorating them with whatever you can think of, *MUSTACHES*, *unicorns*, **FOOD**, or *patterns*! This is just a fun little activity so you don't have to worry about bringing in any *money*. Here's how it works:

everyone participating in this event will be required to **decorate** any mask on hand, a **disposable** mask, or a white fabric mask and then you simply walk into school with your new *fashionable* face mask and go around and see what other **CREATIVE** ideas some of your friends have come up with!!!

Made by **Evie Rodgers**

Brought to you by the *Health* and **Wellbeing** group

Crazy Mask Day!

It came, and it went, but wasn't that fun! The health and wellbeing group noticed lots of people laughing and having a great time by seeing others' crazy masks. Well, I think it was a great event as so many people have enjoyed it, but the question remains, should we do this again next year? Should we continue this face mask extravaganza? I reckon we should even when we don't need them anymore as it reminds us about Covid-19!

From The Health And Wellbeing Group
Written By Evie Rodgers (Helped By Lula Wright)

NEW KIDS IN KAKARIKI

BY FLORA AND LULA

How's your class been going?

Good because it is fun.

Good, I like it really good.

Who is your teacher and what class are you in?

Miss Wylie and I am in Room 21

Mrs Fox. Room 18

Do you have any friends ? Who are they?

Ostin, Olli, Jasper

Zara(best friend),Billie,Billie

What is your favourite thing to do at school?

Playing ninjas.

Playing Tag at the back of the school

What have you been learning?

How to write and build

Letters and words

Do you like your year so far?

Good it is really fun

Yes I Love it

What's your favourite animal and colour?

My favourite colour is black and my favourite animal is a dinosaur.

Pink and my favourite animal is a flamingo

Reuben=blue

SPORTS UPDATE

BASEBALL 'S

2021 AMAZING PLAYS by Emil

The MLB (Major League Baseball) is known for its fantastic, nail biting plays. So here are all 2021s most fantastic plays:

1. Aaron Judge - Robbed a home run from Nick Castianos at the right field wall

2. Starling Marte - Hit a single, double, triple and home run in one game.

3. Fernando Tatis Jr hits three grand slams.

Lost!

I was strolling down the sunny side of the island when I realized that a fish was following me in the bright, sparkling water. It was not just any old fish, it was orange with stripes of red and yellow. When it came close to the surface, its scales shone a dark rainbow.

As I put my hand in the water to get it to come closer, it opened its mouth. It had overwhelmingly large teeth for such a miniature mouth. It bit down hard on my hand and I began to scream. I woke up drenched in sweat as I looked up at the sky and felt lonely and terrified. I had been abandoned on this island three weeks ago on January 27th. When I first arrived I was excited to have new lands to explore, now I was no more than a mouse in a cat enclosure.

I had been having nightmares a lot lately, mostly different ones but the one I just had been occurring heaps in the last week. I sometimes did enjoy the island but I was more often freaked out than comfortable. I tried my best I really did but it never worked to help calm me.

I stood up to make breakfast as it crackled on the fire I had lit last night. I inwardly moaned to myself in a terrible attempted complaint. I couldn't comprehend that I didn't have any toast or cereal to vanquish my appetite. I was begging fate to cause me to stumble upon something other than fish. My wish was granted one month later but it could end up ending my wish and everything else on this strange island forever!

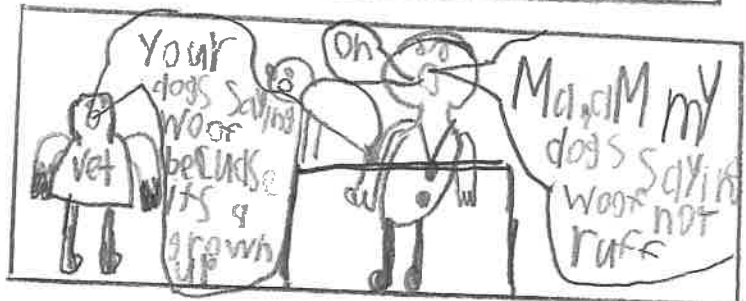

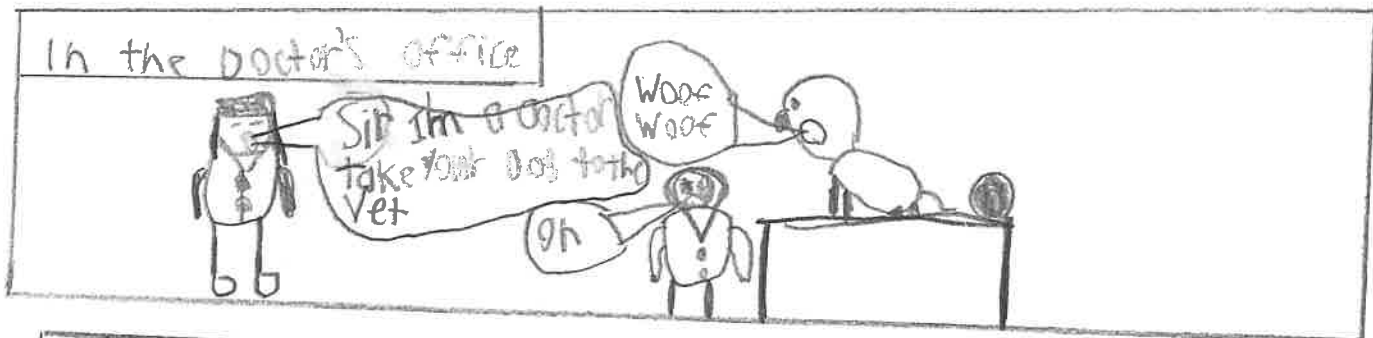

One month later...

As I journeyed across the whole island I thought to myself, why was I doing this. It had taken me a month to finally work up the courage to explore every square inch of the island. I had also decided on a name for this island and named it Pobble island. Pobble island had many secrets to be discovered.

The most important secret was found six minutes later by me! I had ventured down into a hidden cave on the very edge of Pobble island and had gotten myself lost. I had also heard strange moaning noises in a small crevice of the cave, in fact, the moans were too scary to even get near. I may have not wanted to come to the moaning creature but it certainly wanted to come to me!

It was clawing at the walls and moaning loud as a trumpeting elephant. When I saw it I froze in horror at its ghastly misshapen head, one eyeball was so sunken into its head that I couldn't see it. That made me think if it even had an eyeball. that jolted me into action. I ran as fast as I could not stop to think about what it was. Then I realized from its head to its toes it looked like a Zombie. When I thought that I ran even faster knowing that a Zombie was on my tail. It caught up to me not stopping to think how fast it was. I thrashed out and my fist connected with its chin. It didn't slow down! It tackled me to the ground raising its ancient yellowed teeth and as it lunged towards my throat I thought my life was over.

Axolotls :3

by Alysia, Hunter, Phoenix Charlotte

Facts about axolotl

Axolotls Look Like Babies for Their Entire Lives. ...

They Are Native to One Place in the World. ...

They Are Carnivorous.

They Come in a Variety of Color Patterns.

They Are Critically Endangered.

They Can Regenerate Body Parts. ...how cool is that??

ARE THEY DANGEROUS?

To humans, axolotls are a complete non-threat. They can't hurt you in any significant way. To other fish, however, axolotls can be quite dangerous.

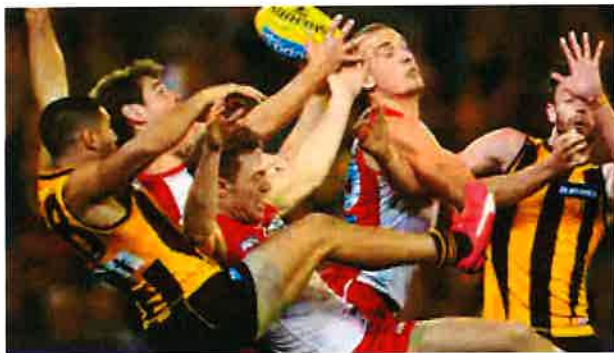

Where do axolotls live?

Lake Xochimilco

The axolotl is native only to Lake Xochimilco in the Valley of Mexico, as well as the canals and waterways of Mexico City.

Sports Bloopers by Nico

Do you love Sports? Are you looking for a laugh? In the Australian open Sam Queery made the funniest serve you would ever see, he hit the ball and the opposition got hit in the b#!?s. How funny would that be? In a basketball game between the New York Nicks and the San Antonio Spurs a player went to shoot but he missed and the Nicks accidentally scored against themselves. In a golf tournament a guy made a swing that looked like it was going to go far but it barely went two meters.

Money Woes

By Samuel and Elliot

Covid, wars and inflation have been the driving factors in stocks collapsing all over the world. Investors uncertainty from Covid has been made worse by severe inflation and the crippling sanctions imposed on Russia because of its invasion of Ukraine. This had a severe effect on the world economy. It seems impossible to have even more problems but supply chains around the world are being pushed to the brink. This all has contributed to the hugely inflated prices at the grocery Store. What will happen next??

Animal of the week...

Facts about Dachshunds dogs

1. They were bred to hunt badgers

Dachshunds' short legs keep them low to the ground to track scents, and their narrow bodies allow them to crawl into burrows, looking for badgers. Despite their small size, Dachshunds are brave and fierce.

2. They come in two sizes:

Most common Dachshunds weigh up to 35 pounds and were used to hunt badgers and wild. The miniatures weigh up to 11 pounds.

3. Dachshund can have 3 different coats

Dachshunds can have smooth, wire hair, or longhair coats. All have dachshunds used to have smooth coats, and the smooth coats are still popular.

END OF TERM WRAP UP

BY EMIL AND NICO

As you would probably know it is Near the end of term 1. We have gone around asking a couple of kids some questions of how the term went. We asked Tupu Southon, Neve Dunphy, Ali Makame and Billie Hannah and Rafe Coulter Lewis.

Tupu said “this term was great, I am really happy to be Year 6 and do cultural toa every week”. I am glad he was able to have a great term.

Neve Said “the term is going good because I can spend time hanging out with friends”. I am glad she can spend time with her friends.

Ali Makame thought his term was pretty good because he is happy all of the sport is starting and he knows he will also love next term even more. I think that is great.

Billie said “This term is going great and I am glad I have so many friends in my class”. I am glad that she is having a good time.

We are so glad that lots of you thought your term was great. We hope you have a great rest of the term and enjoy your holidays.

Thanks for reading from Nico and Emil.
